Bernard Foods Introduces Sans Sucre Chocolate Fudge Brownie Mix in New Line of Sugar-Free and No Sugar Added Baking Mixes

Evanston, Ill (October 11, 2010) - Foodservice industry specialists Bernard Food Industries, Inc. recently launched a new line of sugar-free and no sugar added baking mixes sweetened with all-natural Stevia. The Sans Sucre line offers four flavors including Chocolate Fudge Brownie.

Sans Sucre Chocolate Fudge Brownie is a great tasting, sugar-free version of a favorite dessert. The brownie is accented by cocoa and has a rich chocolate taste.

By using Stevia, an all-natural sweetener, the Chocolate Fudge Brownie mix is naturally sweetened without additional sugar. According to the Mintel Sugar-Free Foods Survey, 24 percent of Americans watch their sugar intake. As this increasing number of people is staying away from processed foods that contain high amounts of sugar, preservatives and artificial ingredients, Sans Sucre is a great option for healthy eaters, diabetics and dieters alike.

Along with being sugar-free, the Chocolate Fudge mix has only 130 calories per serving with low fat, no cholesterol and 25 grams of carbohydrates. These nutritional facts appeal to the 90 percent of adults that consume low calorie or reduced fat foods on a regular basis, according to the Calorie Control Council.

In addition to being healthy, the Chocolate Fudge Brownie is easy to prepare. Calling for minimal ingredients, it requires only vegetable oil and water. The mix is available for a suggested retail price of \$3.99 - \$4.49.

For enhanced flavor, add sugar-free chocolate chips or orange flavor extract before baking.
